

# RIT Scientific Computing Group

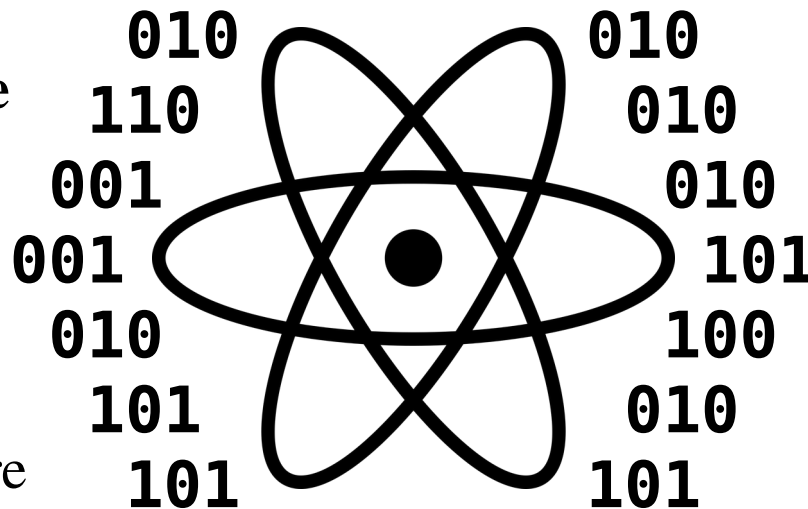

Are you a scientist that uses computing in your work?  
Would you like to be?

Interested in learning about the tools people are using in their research?

We meet weekly to have talks, workshops and tutorials on various subjects.

**Come join us for one of our meetings!**

People of all backgrounds, skill levels, and commitment levels are welcome to join.

**Meetings**

**Mondays at 1pm  
in Orange Hall 1350  
*rit-scg.com/location***

First meeting on **Sept 9**  
Last meeting on **Dec 9**

Topics include (but not limited to)

**Programming Languages—Visualizations  
Simulations—Data Analysis—Machine Learning  
Numerical Methods—High Performance Computing**
